

Vyntus[®] QUESTIONNAIRE

the mobile solution for patient questionnaires

Collect patient answers electronically and integrate them seamlessly into the **SentrySuite[®] Software** platform. The completed questionnaires are saved into the patient's database and can become part of your report.

Access patients and their assigned questionnaires anywhere in your network through WiFi.

Choose from our standard questionnaires or create your own with the optional **Questionnaire Designer** with six different question types.

Powerful features:

- Mobile multi-platform – IOS or Android
- For phone or tablet
- Multilingual and intuitive menu navigation
- Secure communication
- Integration of patient image

SentrySuite even brings scoring functionality to your questionnaires.
